

# Destroyer

Static-X

Take it down with a steam hammer  
Pack it hard  
Lead shot in your mood shooter  
Choose your poison  
Have a drink with your painkiller  
Take us down

Wreck a party like it don't matter  
Smash it up  
Dead guitar  
Broken beat maker  
If I could I'd trade it all for an automator  
Here it comes

Oh, you do it again  
You do it again  
Destroyer

Cosmo sucker  
Bad breath crier  
Bad timing robocrap  
You're a great liar  
Overdrive  
Deep dirt on your shit highway  
Black-eyed

Fuzzy filter  
Hollow head wobble  
Take a trip  
Get a grip before you get in trouble  
And you wonder why you're called the  
destroyer-stroyer
