

# I'm the One

Static-X

Living in the moment  
Forgotten, and repeated  
No I cannot be that one  
No I cannot be beaten

I'm the, yeah, I'm the, yeah, I'm the, yeah, I'm the one

I dont want you  
I dont need you  
With closed eyes I see right through you  
I was crawling, always falling  
You don't know what I have lived through

No I am not a rich man  
No I am not a bitch  
I know you made one mistake  
This is my life  
You cannot take it

I'm the, yeah, I'm the, yeah, I'm the, yeah, I'm the one

I dont want you  
I dont need you  
With closed eyes I see right through you  
I was crawling, always falling  
You don't know what I have lived through

Self Destructive Revolution  
Automatic termination  
Self Destructive Revolution  
Automatic termination  
Self Destructive Revolution  
(Self Destructive)

Bring it down, to the ground  
I'm unchained, not a slave

I'm the, yeah, I'm the, yeah, I'm the, yeah, I'm the one

I dont want you  
I dont need you  
With closed eyes I see right through you  
I was crawling, always falling  
You don't know what I have lived through
