

Kill Your Idols

Static-X

Cosmetic photogenic
This pain is fleeting, ring out
Mechanical the passion
Your head is bleeding, slow down

Can't keep doing this
What you want me to
Marching sheep herd said
See my broken head

Live your own life
I got myself
Out of my sight
Kill your idols

It's ugly, you see
I don't care what you think now
Forgive me, forget
Don't take the easy way out

Can't keep doing this
What you want me to
Marching sheep herd said
See my broken head

Live your own life
I got myself
Out of my sight
Kill your idols
