You sold yourself
You sold yourself
Youÿsold your soul
You make your hell
Cross this line, you waste away
Steal and cheat, all day

Otsegolectric

What is mine, I'm electric Face staring, back at me Cross this line, you are sick You are sick, I know it

Otsegolectric

Screaming, scratching
Pounding
Giving, getting
Through me
Crawling, balling
Falling
Giving into
Sinning

Take all day, suck all day Worm away, turn away You are sick, I know it You are sick, you are sick
