

# You Am I

Static-X

Train of thought is what you see, beautiful screamer  
Take a beating, take it all, you take it deeper  
Give me everything with your intensity  
A demolition champion, it's all conditioned

You scream for me  
Fill me up with everything  
Get me high when I'm low  
You am I, I am you

Worship me, I worship you, our time is endless  
Driven to the burning you, they cannot stop us now  
Seeing is believing, I am bleeding for you  
Drink it up, take me in, we are one

You scream for me  
Fill me up with everything  
Get me high when I'm low  
You am I, I am you

Sense of thought  
Thought of touch  
Touch of you will  
Tap my veins

You scream for me  
Fill me up with everything  
Get me high when I'm low  
You am I, I am you

I am you, scream for me  
Fill me up with everything  
Get me high when I'm low  
You am I, I am you, I am you
