```
I gotta get along 'cause it's a long, long ride now I've been away too long, I gotta get on home now I'm getting far too old to know my dream of fortune But the time is flowing now, I know what I must do
```

```
I gotta go home, I gotta go home I gotta go home to ease my mind I gotta go home, I gotta go home I gotta go home to ease my mind
```

I gotta get along 'cause it's a long, long ride now I've been away too long, I gotta get on home now I'm getting far too old to know my dream of fortune The time is flowing now, I know what I must do

```
I gotta go home, I gotta go home
I gotta go home to ease my mind
I gotta go home, I gotta go home
I gotta go home to ease my mind
```
