

You're the One for Me

Status Quo

Hey you, what did I do?
Is it me? That's nothing new
Another bluff? Don't you dare
All I want is to show I care

Is this the way it's gotta be?
It's clear as mud it seems to me
Women only want one thing
When I know what it is
You're gonna hear me sing

You're the one for me
You're the one for me
I don't care if it takes all night
We're gonna work this out
Gonna do it right

Come on, don't be down
I know we can turn this around
It's getting late, time won't wait
Believe in me, I believe in fate

You're the one for me
You're the one for me
I don't care if it takes all night
We're gonna work this out
Gonna do it right

Don't be afraid if things get tough
Cos I think we've got more than enough
I'm waiting for the day
When I get to hear you say

You're the one for me
You're the one for me
I don't care if it takes all night
We're gonna work this out
Gonna do it right

You're the one for me
You're the one for me
I don't care if it takes all night
We're gonna work this out
Gonna do it right
