

# Betrayal

Steel Prophet

I've been caught  
They're on to me  
Metal hound on the loose  
I just can't last

Turned in by my wife  
Her fear to great  
What love for me  
Betrayed!

The government  
Will make a sport of me  
Hunted like an animal  
Betrayed!

Escape my only thought  
Will the underground help a fireman  
Betrayed!

Never trust anyone  
They'll always get you  
You'll lose  
They're out to get you

Jealousy  
And spies  
They want my job  
What's told aren't lies!

I left a trail  
The hound attacks  
Head pounding  
Betrayed!

Never trust anyone  
They'll always get you  
You'll lose  
They're out to get you

Doomed  
No escape  
One last pain  
Down to the zone  
Forbidden place  
No one can find me

They need a sacrifice  
Innocent blood will do  
On TV I see  
Who's supposed to be me  
Cut down mercilessly  
Ripped to shreds  
They've done the deed  
Betrayed!
