

# Transfusion Vamp

Steel Prophet

I am the coroner yes I am  
I am here to take your life  
Taking all so you can give it here  
You're running out of time

They call me the transfusion vamp  
Oh yeah! Yes I am  
I'm coming to take your soul away  
Now that I know your name, your mind

Introduce me to your friends  
So we can have some fun  
Calling all the looser freaks  
Dead walking in the dark

They call me the transfusion vamp  
Oh yeah! Yes I am  
I'm coming to take your soul away  
They call me the transfusion vamp  
Oh yeah! Yes I am  
I'm coming to take your soul away  
Now that I know your name

Do you feel the burning heat  
Inside your bones and flesh  
Follow me to that special place  
That takes the pain away

They call me the transfusion vamp  
Oh yeah! Yes I am  
I'm coming to take your soul away  
They call me the transfusion vamp  
Oh yeah! Yes I am  
I'm coming to take your soul away  
Now that I know your name
