

# Pretty Baby

Stephen Bishop

Have you seen my pretty baby?  
holdin' a halo...walkin' down the road  
thanks for asking  
her name is, "Angel"  
and I'm the fool who let her go

If you know my little darlin'  
could u tell her I've been on my knees  
sending whispers up to heaven  
to turn her around and bring her  
home to me

Whoa...I'm no good at all without her  
Whoa...I don't care if the whole world knows  
Whoa...  
If you're talkin' bout love  
you're talkin' 'bout her  
if u see my pretty baby, tell me so

Here's a picture of my girl smiling  
don't it take your breath away  
u think that's something?  
you oughta see her in real life  
she outshines the sunshine  
most anyday..

(chorus)

I can't seem to stop talkin' 'bout her  
if u see my pretty baby, tell me so...  
(solo/repeat 1st verse)
