

# The Day You Fall In Love With Me

Stephen Bishop

Well I'll give you everything I have to give  
'Cause without your love  
There's barely reason to live  
Oh I feel that morning wind blowing through me again  
Ask how strong my love is  
It's as strong as the highest mountain

Oh what a lovely world  
This world will be  
The day you fall in love with me  
The Day you fall in love with me...

Everybody's running around  
Trying to make some sense of this  
But all I'm asking for  
Is another kiss  
I'm not looking for a debutante  
Holding a glass of champagne

I just want to make love to you  
Again and again...

Oh what a lovely world  
This world will be  
The day you fall in love with me  
The Day you fall in love with me...
