

# Pleasure or Pain

Stephen Marley

Things was lovely when she was loving me  
We at the club together sippin on bubbly  
Trust me I'm waking up and now she not around  
Let me down no more she's outta town  
See her with the next man better treat her right  
Cause if you don't act check em later on tonight  
And them strangers was the same ones that cared for you  
Swear the job will always be there for you

Pleasure or pain  
So much love to give  
I made a mistake  
Now I'm her type  
Pleasure or pain

Three o'clock in the morning in my room  
Sippin on my  
Smoking on my  
What you come here for what's the deal  
Acting like, yeah  
She got me feeling I don't know no other woman  
Acting like this is a brand new beginning and

Pleasure or pain  
So much love to give  
I made a mistake  
Now I'm her type  
Pleasure or pain

MamI skin clearer than a vegetarian  
Shorty beautiful, golden like she was australian  
Aborigene she was such a soul aquarium  
The way you make me feel it's probably you that I'll be marrying  
Baby you exemplify everything that you like  
Look like baby girl from Restless shining like the moonlight  
Almost kinda strange how everything about you too right  
Hold me like you love me baby girl you squeeze it too tight  
So win the girl a waiter flag  
And I'm pleased to say I'm so passionate about the thing we have  
So I'm coming to get you  
Can't believe I'm finna one  
I'm with you  
Look at the shit we've overcome and been through  
Come closer let me kiss you  
Trust me ain't nothing gonna change I love you through the pleasure and thro  
ugh all the pain

Pleasure or pain  
So much love to give  
I made a mistake  
Now I'm her type  
Pleasure or pain

She said like the ocean get it  
She want it  
Can't stand remind that everyday she chant it  
Even when it hot like a shaft to the target

She tell me say me loving sweeter than chocolate  
Special ringtone to me phone anytime she call it  
Sing me clutch press the gas don't ever stall it  
I better be there fast or it's gonna be a tragedy  
And I don't want that  
So I'm giving her all I got  
She want the rough up, tough up play smash up plus kiss her upon uh go  
All of that  
Ya see  
Pleasure and pain  
Control her brain

Pleasure or pain  
So much love to give  
I made a mistake  
Now I'm her type  
Pleasure or pain
