

## Prelude

Stephen Marley

Lay down my sugar my heart beats free  
Telling me something I must believe  
This is a lesson I am learning real well, yeah  
Cause it's easy  
To say the what's hard to do  
Good things for one another  
Wanna do for you  
But then it's hard to say  
When it's easy to do  
Bad things to one another  
Like I did to you  
If I show you walking away  
Might show up crying that day  
Never knew love was this way  
And I saw you walking away  
I was crying that day  
Never knew love was this way  
They say it's easy  
To say what's hard to do  
Oh, oh yeah  
I wanna do  
They say it's hard to say
