

# Revelation Party

Stephen Marley

Oh yeah, eh ya  
Oh yeah  
Struggles ahead  
Oh yeah, oh yeah  
Oh yeah

I'm living my life, but the struggles ahead  
(Struggles ahead, struggles ahead)  
See I can't look back now (back now)  
But I cannot forget (I cannot forget), yeah  
No longer shall we live our lives in fear  
We got to keep pushing on, moving full steam ahead  
Fly Natty Dread

'Cause tonight, we gon' have a celebration of our life  
(Celebration of our life)  
Party from night till the morning light (ooh yeah)  
We gon' have a good time, everything's alright  
(It's just alright)  
It's a good vibration party  
But tonight, we gon' have a celebration of our life  
(Celebration of our life)  
Party from night to the morning light (ooh yeah)  
We gon' have a good time, everything's alright  
(It's just alright)  
It's a revelation party

Their hearts are cold as the winter snow  
(Winter snow, winter snow)  
So what is were waiting for  
Jah said blessed are the meek and the poor  
(Blessed are the meek and the poor)  
So how did we get to this point in time?  
Where love is lost, now we live with no reason or rhyme  
So we let the blind lead the blind

But tonight, we gon' have a celebration of our life  
(Celebration of our life)  
Party from night till the morning light (ooh yeah)  
We gon' have a good time, everything's alright  
(It's just alright)  
It's a good vibration party  
But tonight, we gon' have a celebration of our life  
(Celebration of our life)  
Party from night to the morning light (ooh yeah)  
We gon' have a good time, everything's alright  
(It's just alright)  
It's a revelation party

Hey ay, hey ay, hey ay  
Ay ay ay ay ay ay  
Hey ay, ay ay  
Ay hey ay ay ay ay

Not lost, we found our way  
Not losing, can't lose faith  
Vanity nah make me life better

Nah say loud fi no mouth an' no cheddar  
Love with more love, that's what we prefer  
Good love mean the night lasts forever  
Everyone inna life feel pressure  
So celebrate as your leisure

Tonight, we gon' have a celebration of our life  
(Celebration of our life)  
Party from night to the morning light (ooh yeah)  
We gon' have a good time, everything's alright  
(It's just alright)  
It's a good vibration party  
But tonight, we gon' have a celebration of our life  
(Celebration of our life)  
Party from night to the morning light (ooh yeah)  
We gon' have a good time, everything's alright  
(It's just alright)  
It's a revelation party

Hey ay, hey ay, hey ay  
Ay ay ay ay ay ay  
Hey ay (oh yeah), ay ay (ah ya)  
Ay hey (oh yeah) ay ay ay ay

I'm living my life, but the struggles ahead  
See I can't look back now  
But I cannot forget
