

So Strong

Stephen Marley

Yeah
Stephen Marley
Yeah my love, oh oh
Shaggy! Uh
Yeah my love (yeah, my love)

And if I don't tell you, as much as I want to
Girl, my love for you is so strong
So come get some love, I've got so much for you
Girl, my love could do you no wrong
I'm not afraid to show you, just how much I love you
Girl, my love for you is so strong
Take the weight off your shoulders, just come on over
Girl, my love could do you no wrong
So strong, so strong
Girl, my love for you is so strong

Girl, any time that you need me, call
Even if a middle a the night
Woman, you are the yin to me yang
Touch the road, so we fly
We both then take flight
No other girl can drift inna your lane
Everyting inna we make sure we did right
Give you all a me loving sincerely
Just make sure we keep the thing tight

Well, I might not be there, as much as I want to
Girl, my love for you is so strong (right)
Take that look of your face, baby love, don't you worry
Girl, my love could do you no wrong
Look what you do to me, you got me singing sweet songs
They're for you (that's right)
Girl, my love for you is so strong (yeah)
So come on over, I got plenty loving for you (let dem know)
Girl, my love could do you no wrong

Me, oh me, oh my
Love you baby girl, an' me nah tell no lie
Me, oh me, oh my
Haffi get your loving and me nah stop trying
Me, oh me, oh my
Love you baby girl, an' me nah tell no lie
Me, oh me, oh my
Haffi get your loving and me nah stop trying

Could a fly low or you could a fly high
Remember them [?]
I would never ever make the world run dry
Love is getting stronger as the days go by

And if I don't tell you, as much as I want to
Girl, my love for you is so strong
So come get some love, I've got so much for you
Girl, my love could do you no wrong
I'm not afraid to show you, just how much I love you
Girl, my love for you is so strong

Take the weight off your shoulders, just come on over
Girl, my love could do you no wrong
So strong, so strong
Girl, my love for you is so strong

A day without the shining sun
Is a day without your loving, baby
One look and we feel as one
'Cause that's how easy we communicate
No heart's got to find guarantee
Girl, your love can depend on me
If love, could sign a dotted line
You would surely see your name next to mine
And you would surely see your name next to mine
You would surely see your name next to mine
