

## Working Ways

Stephen Marley

And these are working days and we are working people,  
laboring in the sun  
...said ahh  
working ways of us working people  
a better day must come

And these are working days and we are working people,  
laboring in the sun  
...said ahh  
working ways of us working people  
a better day must come

there aint no use you sit down and wait for help  
(no no no)  
get up off your rump and help yourself

there aint no use you sit down and wait for help  
(no no no)  
get up off your rump and help yourself

and willfull waste bring woeful want  
and some will have to say (yeah)  
oh how i wish, i had to pray which ones we threw away

And these are working days and we are working people,  
laboring in the sun  
...said ahh  
working ways of us working people  
a better day must come

And these are working days and we are working people,  
laboring in the sun  
said ahh  
working ways of us working people  
a better day must come

RAP by Sragga Benz:

There aint no use you sit down and wait for help  
(no no no)  
get up off your rump and help yourself

Cause jah help those who will simply help themselves  
(no no no)  
look for rewards from no one else

and willfull waste bring woeful want  
and some will have to say (yeah)  
oh how i wish, i had to pray which ones we threw away

And these are working days and we are working people  
laboring in the sun  
said ahh  
working ways of us working people  
a better day must come

And these are working days and we are working people

laboring in the sun  
said ahh  
working ways of us working people  
a better day must come
