

## Different Tongues

Stephen Stills

Do you know me, can you tell me so  
Do you know how my motivations grow  
It's all right that's something you ought to know about me

Are you into being on the line  
Facing people one at a time  
It's all right that's something you ought to know about me

You ought to know me well enough by now  
Watching me growing you are the why and the how  
Everything you show me making it so that we  
Need each other more and more I'm not exactly altogether sure  
That I could handle being left here all alone  
I got a house honey and I, I need a home, yeah

We were speaking in different tongues  
Still it mattered we did what then was done  
It's still all right that's something you ought to know about me

Do you trust me, do you trust yourself  
Do you know when it's time to ask for help  
It's all right that's something you ought to know  
'Cause it has to do with growing  
That's something you ought to know about me
