

# Sugar Babe

Stephen Stills

You can do what you want to do  
You can be who you want to be  
Just remember that me and you  
Ain't all there is to bein' free

People need love  
People need trust  
People need one another  
And that means us

My sugar baby  
Oh, believe me sugar baby

Everyone knows that it ain't easy  
But when you get it all together in your heart  
It's the easiest thing to do to be pleasin'  
Folks ain't made to live apart

People need love  
People need trust  
People need one another  
And that means us

Oh, sugar babe  
You may sing it now sugar baby  
Sugar babe  
You may sing it now sugar baby

Let yourself be open honey learn to bend  
Remember everyone gets scared  
But I'm still your best friend  
When you forget about yourself  
And think of things to do  
To make me happy then you love me girl  
Like I love you

How do turtles talk to one another  
They just look, there's no reason to cower  
Just like people they're drawn to each other  
They don't live in no ivory tower

People need love  
People need trust  
People need one another  
And that means us

My sugar baby  
Come on now sugar baby  
You know you hear me sugar baby

Come on sweet Rita  
You're my sugar baby  
Believe me sugar baby

So close, then again so far away  
Where are the answers, I hear them everyday  
Lovin' you from a distance

Never did make it anyway  
So close, then again so far away  
Here come little Miss Bright Eyes  
Socking it to me everyday  
I got to get next to the girl or I got to get away
