

# Halfway Dead

Steve Aoki

Let me do that one  
Start it one more time

You messed up  
I flexed up  
Can't stress this hard enough  
Misleading, I'm bleeding  
These walls have boarded up  
Conceited, so needy  
You know this happens every night  
So I don't really care right now  
Or give a fuck this time

Woah, how do you fall asleep  
When you're so ungrateful?  
Well you better watch out how you talk this time  
'Cause I can see you lying through your teeth  
Don't waste my time, told you don't waste my time  
You're one step closer to being my enemy  
Told you don't waste your time  
You're halfway dead to me

Driving through the city, swerving through the red lights  
When you make it home alive, that's the best night  
I don't know why we do it, maybe cause it feels right  
Going crazy, going hard until the next life  
Now everywhere that we go its the same thing  
And when you're off on you're own, I'll be waiting  
And every moment, every second is a waste  
When you're watching all the days go by

Woah, how do you fall asleep  
When you're so ungrateful?  
Well you better watch out how you talk this time  
'Cause I can see you lying through your teeth  
Don't waste my time, told you don't waste my time  
You're one step closer to being my enemy  
Told you don't waste your time  
You're halfway dead to me  
You're halfway dead to me

Here we go now  
Here we go now  
Here we go we're on our way down  
Here we go now  
Here we go now  
Here we go we're on our way down

Here we go now  
Here we go now  
Here we go we're on our way now  
Here we go now  
Here we go now

Well, you better watch out how you talk this time  
'Cause I can see you lying through your teeth  
Don't waste my time, told you don't waste my time

You're one step closer to being my enemy  
Told you don't waste your time  
You're halfway dead to me

Don't waste my time, told you don't waste my time  
You're one step closer to being my enemy  
Told you don't waste your time  
You're halfway dead to me
