

Call On Me

Steve Perry

If you still want me and you're alone
Stay, you no lonely, pick up the phone
And if you miss me, if you forgive me
Call on me, yeah, call on me

Baby, when I'm all alone, I can not pick up the phone
I don't wanna love you like I do, ooh, and
Our love's in the way, keeping you far away
I don't wanna love you like I do, ooh, and

If you want loving and you're alone
Stay, you no lonely, pick up the phone
If you still miss me, if you forgive me
Call on me, yeah, call on me

Baby, can't you understand, I'm just another lonely man
Everybody needs some love, it's true, yeah
I don't want to break your heart, it's terrible when we're apart
Please, won't you love me like you do? Yeah-yeah-yeah

If you still love me and you're alone
Stay, you no lonely, pick up the phone
If you still miss me, if you forgive me
Call on me, yeah, call on me
If you still miss me and you forgive me
Call on me, yeah, call on me

Call on me, call on me
I saw her standing there, she's my love
Oh, she's my, call on me
