

Could We Be Somethin' Again

Steve Perry

There you were, your smiling face
I won't forget the night we met
You were the one, my heart's desire
You're still my girl, you are my fire

Even though my eyes don't show
You were everything this boy could want, tell me
(Could we be something again?) Woah, I got to know, could
(Could we be something again?) All you gotta do is call

Sometimes, a boy must play the part
Must play the game to hide his heart
If you left me, what would I do?
You are my girl, what could I do?

And even though I never let you know
You were everything this boy could want, tell me
(Could we be something again?) You know I need to know, woah, girl
(Could we be something again?) All you gotta do is call

Oh, do you wanna, do you wanna? Yah-yah
Do you want a little? Yah-yah, yah-yah
Do you wanna love again, baby?

Oh, do you wanna give a little? Yah-yah
Do you want a little? Yah-yah, yah-yah
Do you wanna love again, baby?

(Could we be something again?)
Oh, do you wanna, do you wanna? Yah-yah
Yah-yah, do you wanna love again, baby?

(Could we be something again?)
Oh, do you wanna give a little? Yah-yah
Yah-yah, do you wanna love again, baby?

(Could we be something again?)
Oh, do you wanna, do you wanna? Yah-yah
Yah-yah, do you wanna love again, baby?
