

Sun Shines Gray

Steve Perry

If you go
Our love was lost somehow, some way I know
In my heart
We'll love again and won't let go

Every night
I try, I try so hard to let you know
Though you're gone
Our love won't be lost

Lost in your loving arms
It's gone away
Sun shines gray
The sun shines gray

The winds of your memories
Have gone away
The sun shines gray
The sun shines gray

How I see
How much was lost along this lonely road
In this life
We only give as much as we can show
Do you know
What you want before you go?

Lost in your loving arms
It's gone away
The sun shines gray
The sun shines gray

The winds of your memories
Have gone away
The sun shines gray
The sun shines gray

I really wanna love you
Want to, want to

Ooh, ooh
Ooh, ooh, ooh
Ooh, ooh, ooh
Ooh
Ooh, ooh
Ooh, ooh, ooh
Ooh, ooh
Ooh

Lost in your loving arms
It's gone away
The sun shines gray
The sun shines gray

The winds of your memories
Have gone away
The sun shines gray

The sun shines gray

I really wanna love you

The sun shines gray

Want to
