## **Heart's Cry**

## **Steven Curtis Chapman**

This is my heart's cry

I want to know the one who saved me and gave me life
This is my heart's cry to be so close to Him that all my life b
ecomes

A testimony of my Saviour's grace and love This is my heart's cry

This is my heart's cry

Much more than just a great desire—it's like a fire in me I hear my heart cry each time I think about the cross where Jes us died

The cross should have been mine but His love broke through time And heard my heart's cry--He heard my heart's cry

Now every other hope and dream is lost inside of this one thing To know the one who died for me and live my life for Jesus Chri  $\operatorname{\mathsf{st}}$ 

Oh this is my heart's cry

So let my life become a testimony of my Saviour's grace and lov e

Oh, this is my heart's cry--to stand before the Father one day And hear Him say well done--this is my heart's cry
