From Cayman Islands with Love

Stina Nordenstam

Half a day behind
And miles away
I'm on a beach
The only one around
I know who can't
Enjoy the heat

I bought the postcard

Now I have to write the words

I left the country

There's a chance you may have heard

Grand Cayman is great Of course it is Weather like this

Living is great
Of course it is
What else did you think

What else did you think

I said I want a man And not a boy You left the room The Caribbean sun So leaves me cold You never do

I want to see you

Even want to see you bleed

I can't believe I paid for this

There's nothing here I need!

Grand Cayman is great Of course it is Weather like this

Living is great
Of course it is
What else did you think

What else did you think
