

## Burning Up Time

The Stranglers

The Brighton train it goes real soon  
My Brighton Belle is in her room  
It's burning up time  
Burning up time

I wanna burn up while I'm having good times  
Don't wanna burn up with other people's bad times  
Like a meteor  
Like to meet yer

The weekend's here the Finchley Boys  
Are gonna make a lot of noise  
It's burning up time

You either love or you despise  
There's just no time for compromise  
The days have gotta move real fast  
We know that nothing's gonna last
