

## Coup De Grace

### The Strangers

Hey babe take a chance on me  
I'll be your man tonight  
Just tell me when you've had enough  
Then I'll apply the coup de grace  
If I were to live forever  
I'd hope you'd apply the coup de grace

Hey babe take a chance with me  
I'll take you down the river tonight  
A full moon with a big wolf too  
The end won't be a pretty sight

And then we seeking something  
We need the coup de grace

O lord I'm on my knees, save our holes  
Or it's the coup de grace, save our holes

Hey babe I'm a bum tonight  
I need somewhere to sleep  
I'll love you now and I'll love you then  
But in the morning you will weep
