

I Don't Agree

The Stranglers

I've got a bee in my bonn
You haven't been straight with me
And now you're talking 'bout bombs
And now you want to do things to me

You say you're the good guy
But you sound just like the bad one
Well I think I'd like to disagree
Without you coming hard on me

I don't agree however well you put it
I don't agree I think you better prove it
I don't agree how ever much you ham it
I don't agree I just will not permit it
I'd like to disagree
If that's ok with you
I'd like to disagree

I think there's something to discuss
I could say I'm uneasy
There could be problems with us
If passion ends up freezing

You say you're the good guy
But you sound just like the bad one
Well I think I'd like to disagree
Without you coming hard on me

I don't agree however well you put it
I don't agree I think you better prove it
I don't agree how ever much you ham it
I don't agree I just will not permit it
I'd like to disagree
If that's ok with you
I'd like to disagree

I've got a bee in my bonn.
