

Save a thought for the man in white
He keeps all the lovers lips shut tight
He's staying up just to hear you praying tonight
Saving sinners
Just beginners

He'll help to get you there
He'll help to get you there
He'll help to get you there when you die

Talks good and he looks the part
Got a PR job that's very smart
Got God's phone number stamped on his heart
Saving sinners
Just beginners

He'll help to get you there
He'll help to get you there
He'll help to get you there when you die

Saving sinners
Just beginners

He'll help to get you there
He'll help to get you there
He'll help to get you there when you die

He's saving sinners
Just beginners

He'll help to get you there
He's almost there
