

Mayan Skies

The Strangers

I can see red is the colour of life in a Mayan sky
I can see green is the colour of jungle in Mayan skies
Mexico speaks at the sunrise

I can see yellow's the colour of gold under Mayan skies
Tempting children who came to get rich under Mayan skies
Mexico speaks at the sunrise

Mayan skies sleep talk with voices of lovers
In torture and suffering they soothe one another
The passion of youth kisses age in a nation
The passion of youth kisses age in a nation
The Mayan skies painting a colour creation up above

I can see red green and yellow the colours of Mayan skies
