The Strangers

The bullets and the hatred, was it you?
The famine and the genital disease, was it you?
I don't really know what I can see but I can see I'm
Losing control

The K.G.B. and the C.I.A., was it you?
Democracy and freedom, was it you?
I don't really know what I can see but I can see I'm
Losing control

Was it you?

Coloured skins and nations, was it you?
Aristocracy and class division, was it you?
I don't really know what I can see but I can see I'm
Losing control

Was it you?

Meat and vegetables, was it you?
Drugs and religion, was it you?
I don't really know what I can see but I can see I'm
Losing control

Was it you?
