

Alice's Song

Strawbs

SGO Music

If I could live in Alice's world
I wonder if I'd learn
What makes her strong
What makes her safe
What makes her suddenly afraid
I'd understand this little girl
But I'll never live in Alice's world

If I could see through Alice's eyes
I wonder what I'd see
Is her sky blue, is her grass green
Does she see things I've never seen
What's in her mind she keeps inside
I'll never see through Alice's eyes

If could love through Alice's heart
I wonder who I'd trust
So silently she smiles at me
But answers she will not reveal
She never tells why it's so hard
To win a place in Alice's heart
