

# I Feel Your Loving Coming On

Strawbs

Feeling like I do  
There's not a lot of words to say  
I only know I love you  
Trying as I do  
To put it all another way  
It still comes out  
I love you.

I feel your loving coming on  
I feel your loving coming on  
And I can feel the hope in your heart  
I can feel the hope in your heart  
I feel your loving coming on.

If only I could use the beauty of the poet's words  
Your name would last forever  
Simple as I am  
Simple as I choose to be  
I know we'll last together.

Goodnight, goodnight  
I'm hoping that I find you well  
We're really going to have to try hard  
Goodnight, goodnight  
I'm hoping that time won't tell.
