

# Whichever Way the Wind Blows

Strawbs

I didn't realise how much it would grieve you  
How I hurt you when I said I was going to leave you  
Understand I didn't know, but it only goes to show  
How blind I must have been not to believe you

My mind is in a whirl and its spinning madly  
In my dreams you looked at me so very sadly  
I tried to show surprise when a tear fell from your eyes  
You know I didn't mean to hurt you so badly

I can't believe that I've been chasing rainbows  
But I'll think of you and follow you whichever way the wind blows

In the silent hours of night I'll be thinking about you  
And I wonder how it was I came to doubt you  
Let fortune cast its spell remind me that I fell  
Remind me that I just can't live without you

I can't believe that I've been chasing rainbows  
But I'll think of you and follow you whichever way the wind blows
