

Sea of Thieves

Stryper

We're alive and we are breathing
And we're surviving through it all
And for as long as hearts are beating
Our faith protects us when we fall

Love is second to none
The brightest star up in the sky
The story's just begun
And we're not here to live to die

Stand
Stronger than an ancient tree
Land
Is just beyond the open Sea of Thieves

We've been up and down a million times
Seems we've weathered every storm

Love is second to none
The brightest star high in the sky
The novel's just begun
'Cause we're not here to live to die

Stand
Stronger than an ancient tree
Grand
Is every promise we can't see
Stand
Stronger than an ancient tree
Land
Is just beyond the open Sea of Thieves

Bad habits never justify
The veil of faults that we have worn

'Cause love is second to none
'Cause we're not here to live to die

Stand
Stronger than an ancient tree
Grand
Is every promise we can't see
Stand
Stronger than an ancient tree
Land
Is just beyond the open Sea of Thieves
