

# House Of Suffering

Sublime

O in this house of suffering  
ya i gotta let some light in ya  
i fear that freedom will win ya  
oh where oh where can jah love be now ya  
my dear, it's here in the underground  
inside the hearts of your own children  
in this house of suffering  
i spirituallogic grin, in  
one way grace is my friend  
to conquer doom and sin  
and all the people are lying  
and all our people crying  
and they stop at nothing!nothing!nothing!  
in this house of suffering  
don't want but just one thing  
got to have my origin  
in this house of suffering
