

Real Situation

Sublime

Check out the real situation
Nation war against nation
Where does it all begin now, whooah
Where is it going to end
But it seems like total destruction only solution, yeah
Aint no use, no one can stop us now
Aint no use, no one can stop us now
Aint got no right to take us lord
Aint got no right to take us lord
First the money, then the smile
Everything is for a while
But it seems like total destruction only solution, yeah
Aint no use, no one can stop us now
Aint no use, no one can stop us now
