

Tonight

Sugarland

If words could make it real I'd tell you how I feel
Instead I'm waiting here on my knees, love
I know how it feels to breathe with you beside me
I think about it always

Tonight, tonight, tonight
I'm waiting for, waiting for the night
Tonight, tonight, tonight
I'm waiting for, waiting for

A lifetime for a day would be an even trade
No price I wouldn't pay for your heart, love
I know how it feels to breath with you beside me
I think about it always

Tonight, tonight, tonight
I'm waiting for, waiting for the night
Tonight, tonight, tonight
I'm waiting for, waiting for

Tonight, tonight, tonight
Tonight, tonight, tonight
Tonight, tonight, tonight
Tonight, tonight, tonight
Tonight, tonight, tonight
Tonight, tonight

Tonight, tonight, tonight
I'm waiting for, waiting for the night
Tonight, tonight, tonight
I'm waiting for, waiting for

Tonight, tonight, tonight
Tonight, tonight, tonight
Tonight, tonight, tonight
