C
(You regret you made me
It's too late to save me)

As far as I can tell
It's just voices in my head
Am I talking to myself?
'Cause I don't know what I just said

(And she said)
As far as where I fell
Maybe I'm better off dead
Am I at the end of nowhere
Is this as good as it gets?

And now I've been gone for so long
I can't remember who was wrong
All innocence is long gone
I pledge allegiance to a world of disbelief
Where I belong

A walking disaster
The son of all bastards
You regret you made me
It's too late to save me
(To save me, to save me, to save me, ...)

```
("It's too late")
```

To save me, to save me, to save me, to save me

And now I've been gone for so long
I can't remember who was wrong
All innocence is long gone
I pledge allegiance to a world of disbelief
Where I belong

A walking disaster
The son of all bastards
You regret you made me
It's too late to save me

I will be home in a while
You don't have to say a word
I can't wait to see you smile
Wouldn't miss it for the world

I will be home in a while

You don't have to say a word
I can't wait to see you smile
Wouldn't miss it for the world
