## I Don't Dance

## Sunrise Avenue

I don't wanna grow up, I don't wanna see sex and the city, Lust for a minute. I don't wanna do that, I don't wanna let go on the floor tonight.

And I can't hear nothing, but beats and sounds That don't feel good inside. I got jeans too tight, it's all too loud. My feet can't hear the orders from my mind.

I don't dance 'cause tonight you love somebody, Somebody new. I don't dance 'cause the moves don't want my body, I'll learn to hate them too. Now you dance to our songs 🗆 I need them too. I don't dance 'cause tonight you love somebody new.

I don't need the feedback, I know that I'm stuck with the past And this might last. I don't need a restart, I don't wanna re-oil myself tonight.

I know it's a little bit sad and strange,
I stay alone in the shade.
I don't wanna dance, I feel betrayed
'Cause somebody else is playing with my babe.

I don't dance 'cause tonight you love somebody, Somebody new. I don't dance 'cause the moves don't want my body, I'll learn to hate them too. Now you dance to our songs D I need them too. I don't dance 'cause tonight you love somebody new.

Now the crowd goes wild, it's such a mess And I can't escape this emptiness.

No I don't dance 'cause tonight you love somebody, Somebody new. I don't dance 'cause the moves don't want my body, I'll learn to hate them too.

I don't dance 'cause tonight you love somebody, Somebody new. I don't dance 'cause the moves don't want my body, I'll learn to hate them too. Now you dance to our songs D I need them too. I don't dance 'cause tonight you love somebody new. Somebody new.
