

# No Way Home

Sunset Sons

I been to love and barely made it home  
Like an open door I closed the heart of stone  
Can you understand couldn't understand my own  
The words you said I'm better off in bed alone

Cause there's no way home  
Cause there's no way home

I thought of mine and take some time to see  
An open hand that greets eventually  
Life goes on, life goes on for me  
Can you see the lines, couldn't read the lines between

Cause there's no way home  
Cause there's no way home  
Cause there's no way home  
Cause there's no way home

Time goes by, time goes by for you  
Did you lose your way, I kinda lost my way for two  
Life goes on, life goes on for me  
Can you see the line, couldn't read the lines between

Cause there's no way home  
Cause there's no way home  
Cause there's no way home  
Cause there's no way home
