

The Fear

Sunshine

There is a war between you and me
With nothing to gain, nothing to gain
I wash your hands from the murder scene
And pour champagne, pour champagne

I've tried for the lifetime, but i don't know myself anymore
I've tried but in the meantime I got to know you even more

Time-try to stop me now, it's plastic but it's real
Time-like a sunken dream, death has no sex-appeal

Hey hey my name is fear, time after time
The funeral of broken lies, every soul has got a price

I just wanna beat the life, the pain give it away, give it away
I just wanna feel your love, but you give it away

Sometimes i don't say the right things
Little dirty and cheap, little dirty and cheap
My evil tongue, whatever it brings
I am not a sheep, I am not a sheep

I've tried for the lifetime, but i don't know myself anymore
I've tried but in the meantime I got to know you even more

Time-try to stop me now, it's plastic but it's real
Time-like a sunken dream, death has no sex-appeal

Hey hey my name is fear, time after time
The funeral of broken dreams, crunching teeth, all night no sleep

I just wanna beat the life, the pain give it away, give it away
I just wanna feel your love, but you give it away, give it away

Walk on water with the waking dead
It's twice as hard to trick a God
Don't look back and roll the dice
Every soul has a price

I just wanna beat the life, the pain give it away, give it away
I just wanna feel your love, but you give it away, give it away
