

## Keeping Track

Superchunk

All of this is so exhausting  
But I don't want it to stop  
Rubber ring around my neck  
Lead me in circles till I drop

The sound of change beneath the grating  
Pull a string and magnet through  
Keep track how much this is costing  
I'll give it back to you

Are you keeping track?  
Are you keeping track?  
Are you keeping track?  
Are you keeping, keeping track?

Can you let the rope down slowly  
When you drop me to the dirt?  
Can you pull the blanket over  
And make this hole not hurt?

Are you keeping track?  
Are you keeping track?  
Are you keeping track?  
Are you keeping track?  
'Cause I am not  
'Cause I am not

All of this is so exhausting  
And I am ready for it to stop  
All of this has been exhausting  
And I am ready

Are you keeping track?  
Are you keeping track?  
Are you keeping track?  
Are you keeping track?  
'Cause I am not  
'Cause I am not
