

Superman Is Dead

Superman Is Dead

You're acting perfect to the people
But become hypocrite parasite
Tricking around and stealing everything
Changing all fantasy now misery

Like a gun I'll make a judge for you
And you have no longer reason to live
You are not innocent anymore
Responsibility now is your door

Give back the power to the people
Do not put in the mind of a man
You are not superman anymore
Because good people died by your hand

Superman is dead
Got no time for you, and you will never knew
Superman is dead
Full of guilty heads, wish we never had
