

Rock Me Right

Susan Tedeschi

You say you haven't been rocked in a long, long time
Oh, good, hard rockin' is so hard to find baby
Gonna make you sweat, gonna make you shout
Oh, your homemade lovin' done knocked me out baby

Oh, now I've looked long enough for you
And let's see if you know what I'm fixin' to do baby
Oh, you wanna little love and that's alright
Oh, your fruit ain't rotten it's oh so right

Oh now, your mama sure done raised you right
When it comes to home cookin' you eat every bite
Take your sweet time... got all night...
I'm gonna show you how to rock me right

Come on and rock me right...
Rock me right...
Rock me right...
I'm gonna show you how to rock me right
Rock me right oh... oh lord...

Well your stomach starts growling, I know what you need baby
Oh, fix me up something salty and sweet
Oh, now homemade cookin' always does the trick
Oh, your cotton ain't rotten just needs to be picked

Oh now, your mama sure done raised you right
When it comes to home cookin' you eat every bite
Take your sweet time... got all night...
I'm gonna show you how to rock me right

Come on and rock me right...
Oh, rock me right...
Rock me right...
I'm gonna show you how to rock me right
Oh, come on and rock me right lord...
Oh, rock me right now...
Yeah, rock me right...

I'm gonna show you how to rock me right
Show me how you do it darlin'...
Show me how you do it baby...
Rock me all night...
