

# Glycerine Queen

Suzi Quatro

Born in the world of a fifty-dollar dream  
Tailor-made coat with a straight back seam  
Just can't resist the twilight life of a queen  
Takin' pocket money givin' shady secrets back  
Soft-spoken silhouette is part of the act  
Mother's undertaker wouldn't dig you a hole in the wall

Glycerine Queen fightin' hard to win  
Glycerine Queen, Glycerine Queen  
What's the matter, Queenie, Won't they let you in?  
Glycerine Queen, Glycerine Queen

Five will get you ten here on the prowl again  
Put your pot of gold in the lion's den  
Your parasite mind ain't the truly respectable kind  
Your life-style past is gonna get you soon  
Spend a few years in a padded room  
A book full of blues, bad memories to pass the time

Glycerine Queen fightin' hard to win  
Glycerine Queen, Glycerine Queen  
What's the matter, Queenie, Won't they let you in?  
Glycerine Queen, Glycerine Queen

We all laughed at the Glycerine Queen  
We all laughed at the Glycerine Queen  
What's the matter, Queenie, Won't they let you in?

Glycerine Queen fightin' hard to win  
Glycerine Queen, Glycerine Queen  
What's the matter, Queenie, Won't they let you in?  
Glycerine Queen, Glycerine Queen
