

Kiss Me Goodbye

Suzi Quatro

I needed you, I couldn't find you
I didn't need you anymore
You know I wanted you, I couldn't see you
I didn't hear you anymore

I'm going now, going now
I'm going now
Kiss me goodbye

I don't know what you want me to be
And I don't care, doesn't matter to me
But I can't share with someone who can't see
How can you be so cold in the heat of the night
When it's your move, honey, you've got the right
But there's one thing before we say goodnight
Kiss me goodbye
So hard I could die
Kiss me goodbye

Find it, tell me when you have been blinded
Only fools have to hide it
There's a justice
Crime of confusion, hopeless delusion

Well, I'm going now, I'm going now
I can't go 'till you kiss me goodbye

I don't know what you want me to be
I don't care, doesn't matter to me
I can't share with someone who can't see
How can you be so cold in the heat of the night
When it's your move, honey, you've got the right
But there's one thing before we say goodnight
Kiss me goodbye
So hard I could die
Kiss me goodbye
Kiss me goodbye
So hard I could die
Kiss me goodbye
