

Si Si Me Voy

Swim Deep

Si Si Me Voy
Si Si Me Voy
Si Si Veleti
Si Si Veleti
Este feliz
Este feliz

And now that I'm here, carry me home
And now that am home, carry me here
And now that am home, carry me here

A finis a nano la, es mal fusppe
Sí sí me voy, sí sí me voy

I'm freer than alley bird, out the cage to see
Si se veleti, si se veleti
I've got a alley bird path
Este feliz, este feliz

And now that am here, carry me home
And now that I'm home, carry me here
Now that am here
Just to me I feel the car start
That chick across the bubbling wall

It must myself in somewhere louder
My little heels don't feel no pain
I might just have, and the water has
But no one had, tried them all

Sad and I laughed, but I let my heart meet
And the absence and the close spots, really got to me
So I called in and I flew in, and they welcomed me
Hey Johnny, now I've got here, or what else to see
Oh I can breathe, Oh I can dance
But I don't have anywhere to rent
