

Beautiful Mess

Swing Out Sister

Let's pretend things are fine for a while
That they always were
Was it you, was it me
Did we think we'd be free
Like we were before

Dreams that we were searching for
They don't matter anymore
There's one more for the road
Then I'll be gone

(Hey hey hey hey)
Where we're heading is anybody's guess
(Hey hey hey hey)
All that's left is one big beautiful mess
(Hey hey hey hey)
We'll get over it someday we'll forget
(Hey hey hey hey)
All that's left is one big beautiful mess

If our life was a game that we play
It was always fair
With the mad we've been sad
with the dreams that we had
We would always share

Dreams that we were searching for
They don't matter anymore
There's one more for the road
Then I'll be gone
(Hey hey hey hey)
Where we're heading is anybody's guess
(Hey hey hey hey)
All that's left is one big beautiful mess
(Hey hey hey hey)
We'll get over it someday we'll forget
(Hey hey hey hey)
All that's left is one big beautiful mess

Dreams that we were searching for
They don't matter anymore
There's one more for the road
Then I'll be gone
Then I'll be gone
Where we're heading is anybody's guess
(Hey hey hey hey)
All that's left is one big beautiful mess
(Hey hey hey hey)
We'll get over it someday we'll forget
