

## Lepers, Thieves And Whores

Swingin' Utters

Lovely sons and daughters  
This ole life can get you down  
As the days shrink one inch shorter  
Keep your eyes glued to the ground

Now tuck your wings behind you  
Cuz the wind can be so strong  
Grab your things and mind you  
All the kids can be so wrong  
Bring papers and please help me off the floor  
And sing for lepers, thieves and whores

Hey there granddad don't be bitter  
All your fortunes are scattered on the sand  
For sure is one thing she's turned out better  
Because she knows she's in good hands

Now tuck your wings behind you  
Cuz the wind can be so strong  
Grab your things and mind you  
All the kids can be so wrong  
Bring papers and please help me off the floor  
And sing for lepers, thieves and whores
