

# The Original

Switchfoot

Got your hands in your pockets  
Like your ready to pay  
Got your eyes out of socket  
Like your a mile away  
Mouth shut like a locket  
Like you've nothing to say  
Speak your mind up  
Come on baby

Free yourself  
No one to do it  
Free yourself  
Nothin' to it  
Free yourself  
Don't let nobody try & steal your soul  
You're the original  
[ Lyrics from: [http://www.lyricsmode.com/lyrics/s/switchfoot/the\\_original.html](http://www.lyricsmode.com/lyrics/s/switchfoot/the_original.html) ]

So you say you're just a lost soul  
I know you better than that  
So you say you're just lost in the wash up  
I know you better than that  
So you say your just a face in the city race  
Wasted and sick of it all  
Speak your mind up  
Come on baby

Free yourself  
No one to do it  
Free yourself  
Nothin' to it  
Free yourself  
Don't let nobody try & steal your soul  
You're the original  
The original  
You're the original  
The original  
Alright!

Come on now (3x)

Free yourself  
No one to do it  
Free yourself  
Nothin' to it  
Free yourself  
Don't let nobody try & steal your soul  
Free yourself  
No one to do it  
Free yourself  
Nothin' to it  
Free yourself  
Don't let nobody try & steal your soul  
You're the original
